Subject: Bath Ref: IP2423.1GB - Patent Application

Dear Mr Pandev,

I work in the Research Innovation Services department of University of Bath and understand that Dr Dimitar Slavov has already kindly informed you that I would be contacting you.

As you may know, Dr Slavov was a Visiting Academic in the Department of Physics from 8 July 2018 until 22 July 2018. On 13 November 2018, the University of Bath filed GB patent application No: 1818455.6 – Dr Slavov is one of five inventors named on the application.

Please let me know if your own institute, the Bulgarian Academy of Sciences, may have any interest in co-ownership of this patent application. If yes, then we should come to some arrangement about sharing the costs of prosecution and sharing the benefits of any income which may be created in the distant future.

I look forward to hearing from you. Please include my colleague, Dr Philip Brown in any reply.

Regards.

Subject: ***SPAM*** Re: ***SPAM*** Bath Ref: IP2423.1GB - Patent Application

Dear David,

Thank you for your email. Yes, Dr. Slavov informed me about that.

I am on a business trip for a few days and will contact you on Tuesday next week.

Kind regards,

Marin

Marin Pandev
